Counsel and Judge Denlow:

The Plaintiffs have filed a Motion for Preliminary Approval of the Settlement, which is attached. We're prepared to enforce the settlement agreement as agreed. However, with authorization from Mr. Frey, we have proposed an alternative Preliminary Approval Order with Mr. Perrong as the sole class representative, despite the fact that Mr. Frey could serve that role.

However, in an effort to ensure the settlement agreement is enforced efficiently, we did want to provide a response to Frontier's letter.

First, neither Mr. Frey nor his counsel have made any misrepresentations in connection with the settlement. Mr. Frey, who has no prior criminal record, has been charged with a crime, but has not been tried or convicted. In any event, the subject was simply never raised by anyone. Furthermore, publicly available documents regarding the allegations against Mr. Frey were readily available if Frontier wanted to look into his background before entering into the settlement agreement as opposed to after.

Mr. Frey, who has been in contact with counsel throughout the case, has authorized the settlement and reviewed and approved the final agreement. Mr. Frey actively participated in the mediation and approved the settlement that was reached on behalf of the class that day. Mr. Frey's company continues its operations and he wanted to be available that day to consult with his employees and elected to participate telephonically as was his right. Documents relating to the settlement agreement were made available in paper form for Mr. Frey's review. He fully and properly executed the Settlement Agreement in compliance with Paragraph 9.15. The Agreement is valid and it is binding on all parties.

Finally, Mr. Perrong's adequacy is in no way impacted by the fact that he knows Mr. Frey. As Frontier is well aware as Mr. Perrong has litigated previously on a *pro se* basis against them, he is on the law review at Temple University School of Law, where he has a scholarship. He has also accepted a position with the Consumer Division of the West Virginia Attorney General's office, which required an extensive background check. He has no criminal record and has no pending charges or anything to do with Mr. Frey's pending charges.

We'll await Frontier's response.

Dear Judge Denlow,

Thank you for your email. As set forth in our March 29, 2021 letter, it is Frontier's position that the Class Action Settlement Agreement and Release cannot be presented to the Court for approval. Plaintiffs and their counsel have yet to provide a substantive response to Frontier's letter. Given the significant issues raised in the letter, not the least of which are the misrepresentations to Frontier during the negotiation of the settlement agreement, as well as the close relationship between Mr. Frey and Mr. Perrong, a response to the letter is appropriate before Frontier determines whether a settlement involving Mr. Perrong and the same class counsel is appropriate.

Regards,

Michele Blythe

Dear Counsel:

Anthony has brought to my attention the response he sent to Michele's letter asking whether Frontier will proceed with the settlement with Mr. Perrong as the sole class representative. Has Frontier made a decision? Please let me know if I can be of assistance. We worked extremely hard to settle the case.

All the best,

Dear Counsel:

I have been engaged in mediations and conference calls the last three days and have not previously had the opportunity to read and study Michele's letter of March 29. I am deeply troubled by the information regarding the serious criminal charges facing Mr. Frey and its impact on the settlement. I will await Anthony's response. Please keep me in the loop regarding this matter.
